Reading II – Teenage magazine

Task

These teenagers have different problems in their lives. Read each text and give every teenager a helpful advice at the end. Write at least 50–60 words for each advice into your exercise book.

Start with: Dear Alex/Jenny, ...

Hi, my name is Alex. I'm a 9th-grader and I love to play football. Since August, we have a new guy in our team. He is really good, but he tries to kick me out of the team by telling lies about me to my team mates. I think he wants my position on the football field. He plays tricks on me: Once he hid my clothes so I was late for training. My coach was very angry with me and I was benched for the whole training.

Well, I'm a football player...and strong. So, I should be able to solve the problem by myself, but I really don't know how to do this.

I can't talk to anyone. Maybe, I should give up and stop playing football.

Alex, 16

Jenny, 14

Hey guys, I'm Jennifer, but everyone calls me Jenny. I'm a huge fan of your magazine and I hope that you can help me...

I have a boyfriend and he is awesome. Good looking, very kind and I think he really likes me – or do I have to say "liked"?

We were very happy together, but three weeks ago everything has changed. I think he is unfaithful because he always cancels our dates, doesn't answer my calls and he writes texts to girls I don't know.

I'm hurt and I feel cheated, but I don't have the nerve to ask him what happened... Can you help me please?

Application as a volunteer

Dear Sir or Madam, ← start with: Dear Sir or Madam if you do not know any names

I am seventeen years old and I achieved my A-Level in April, 2015. This winter, I would like to gain some work experience at your kindergarten as a volunteer.
↑ alternative: I am writing to apply for...

I worked as a basketball coach in different summer camps in the United States and therefore regularly improved my English language skills. Furthermore, I would like to become a primary school teacher in the future which is why I decided to do a volunteer year at your nursery school. I am especially interested in working in Oxford because I would like to learn more about different education systems. Your kindergarten was recommended to me by my English teacher who had heard of your pedagogical concept based on Montessori. I also think that it is important to strengthen a child's own initiative and natural abilities.
↑ name reasons for your application and refer to your resume

I am a reliable and well-organised person who can work independently with children. Therefore, I am sure that I would make a valuable contribution to your kindergarten.
↑ refer to your strengths

I would welcome the chance to work in your nursery school in December 2016 and I am looking forward to your response.

Yours sincerely, ← end with: Yours faithfully or sincerely
